DR. ALFONSO PORTER, PASTOR

Inspired by God, Pastor Alfonso Porter taught Jesus Christ's human lineage to his Bible study students. The genealogy of Christ as set down in the Gospel of Matthew is a record of God's interaction with humanity. Through study of the biblical record, students learned of the unconditional love of God and his willingness to move through all who accept Jesus Christ as their Lord and Savior. Thoughtful, insightful, and full of the love of God, these short stories and articles will inspire you to renew your own examination of Holy Scripture.
